HOW I CAN HELP YOU

- Develop a Strategic Planning Framework that serves you, your operations and your community by turning your goals into measurable outcomes, in turn leading to better services, a larger client base or favourable funding applications.
- Support individuals, businesses and organizations with key concepts, tools and coaching through the Solutions Experience - my signature program.
- Provide governance training that ensures engagement, efficient processes and meeting targets!
- Problem-Solve at the operational level to ensure projected results, provide creative solutions to challenging situations.
- Research and collect data (surveys, interviews, data) to understand your current situation and define a solid plan to achieve the desired results of the project at hand.

PERSONAL SUMMARY

I am a results-oriented consultant and coach with proven strategic skills and deep understanding of what is needed for sustainable change, to turn your strategic plans into action!

Lynne Dupuis, MA

Lynne Dupuis is the owner of LMD Solutions, a successful consulting business and the founder of the Solutions Experience, her signature program to coach individuals, businesses and organizations, leading them toward sustainable change by offering guidance and tools to identify goals, develop processes and find solutions.

Prior to launching LMD Solutions, Lynne worked as Senior planner at the Francophone Planning Entity (RMEFNO), as French Languages Manager for the North-East CCAC, and Manager of the Applied Research Department at Collège Boréal. She has become a trusted expert in the field of strategic planning and development, governance, evaluation procedures, data collection and project management.

Lynne currently sits on the Board of directors for Health Sciences North (HSN) as well as VP of the Governance Committee and Member of the Audit Committee.

She is the past Chair of the Centre de santé communautaire du Grand Sudbury, past VP of Family Service Ontario (Toronto) and past Chair of Sudbury Counselling Centre. She has extensive knowledge in developing governance policies and procedures, ensuring strategic directions and focusing on 'the bigger picture'.

She has developed and taught courses such as Pratiques basées sur les données probantes at Collège Boréal and Gestion d'évènements at Université de Sudbury. This work helped sharpen her tools in project management, research methods, evaluation and data collection.

Lynne holds a Master's degree and the theoretical component of an Applied Sociology PhD.
